Our impact in Indiana: By the numbers

Feeding Indiana's Hungry results

156 million pounds of food were distributed from Feeding Indiana's Hungry association food banks in 2020. This is more than to a **60% increase** over the previous year due to the pandemic.

Pounds distributed:

of Hoosiers, or **1,150,970 people**, are at risk of hunger. That's enough people to fill Lucas Oil Stadium over **16 times**.

Children face even higher rates of food insecurity with more than **1 in 4** at risk of hunger.

By leveraging community support, we are able to increase our impact across the state and feed Indiana's hungry.
